Dear Commercial Cash Customer:

These companies do not have to post a surety bond and are not billed monthly by the County. Fairfax County plans to continue the program during FY 2006.

If you wish to participate in the Commercial Cash Program, complete and sign the enclosed application form and rules and regulations to address below.

The Commercial Cash disposal fee for municipal solid waste is \$55 per ton at Fairfax County Solid Waste Disposal Facilities. However, the minimum fee per visit will be \$15.

The Commercial Cash Permit allows a company to pay with cash, credit card or a business or personal check. Company checks returned for insufficient funds or non-payment will immediately result in removal from the Commercial Cash Program, alternate payment arrangements will need to be made before access to any Fairfax County disposal complex is granted. If a Commercial Cash Permit holder violates facility rules or County Ordinances, the company may be suspended from using County disposal facilities.

The permit holder understands and agrees to comply with the County's rules and regulations pertaining to the disposal of solid waste. Failure to return to the scales for an empty weight authorizes Fairfax County to estimate the empty weight based on the type of vehicle permitted. All disposal charges, whether based on actual weight or estimated weight, must be paid, and if action is necessary to collect these charges, a penalty of \$50 for each occurrence will be charged.

If there are any questions regarding these procedures, please contact Ms. Dynita Glenn at (703) 324-5230 or Mr. David Nichols at the Permit Office, I-66 Transfer Station, (703) 631-0495.

Very truly yours,
